Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. Jas. B. Sidley writes from 1886: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own household work. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

THE ONE WHO LED.

A Mistake in the Wording on the Wedding Notice.

The square-jawed woman with pinkish hair laid her umbrella on the editor's desk, and took her seat on a pile of damp papers. "Did I mean," she said, "a man with a grayish coat and a sneaky manner, hand in a marriage notice this morning for publication?" "He did," said the editor; "here it is, Mr. Samson Peters to Mrs. Hulda Hoskins. Is that right?" "The names is all right. It says Mr. Peters led Mrs. Hoskins to the hymeneal altar, don't it?" "It does."

"I thought so, I'm Mrs. Hoskins. That is, I was last night. I s'pose I'll have to be Mrs. Peters now. I want the style of that marriage notice changed."

"In what way?" asked the editor. "I'll give you my reasons first. You see I've got some money and own a farm and two cotton gins. Anybody can see I don't need a husband. That Samson Peters is triflin' lazy, and no account generally. He ain't got no family friends, and ain't worth shucks. He ain't no more fit to take care of himself than a babe. For he'll never pay for his salt, and he owes more'n eighty dollars that I'll have to pay. But I don't keep how no 'count a man gits, some woman or other's bound to try and git him. That sassy Widow Albright's been on his trail for four months, and one of the Simpson gals has been makin' eyes at him every Wednesday night at prayer meetin'. He's a mighty poor, humble kind of creeter to take in, but I know my duty when it comes up before my eyes. I jest scratch out where it says Mr. Peters led Mrs. Hoskins to the hymeneal altar, and say that Mrs. Hulda Hoskins annexed Samson Peters last night at 9 o'clock p. m.—Detroit Free Press.

Government Embezzler Indicted.

WASHINGTON, D. C., Oct. 5.—The grand jury of the district has returned three indictments against Francis J. Kleckhofer, late disbursing officer of the state department, charging him with embezzling over \$35,000 of government funds in July and October, 1895, and with appropriating to his own use \$10,000 worth of government bonds. Kleckhofer was arrested in May, 1896, and indicted, his embezzlements being stated at \$37,466 in the indictment. After an investigation of his accounts he was discharged from office and it was announced that there was an apparent shortage of more than \$100,000 in his accounts. His trial was to have taken place last spring, but was postponed, owing to prior cases on the docket. Kleckhofer denies that he has been guilty of criminal conduct and asserts that the alleged shortage is due to careless bookkeeping.

Tapoca Must Pay Duty as Flour.

SAN FRANCISCO, Oct. 5.—The United States circuit court of appeals has handed down a decision of great importance, inasmuch as by it the revenue of the government will be increased many hundreds of thousands of dollars per annum. The case was to determine the disputed point as to whether tapoca flour should be admitted free of duty as such under the McKinley bill, or whether it should be required to pay a duty of two cents per pound as starch. This flour is used almost exclusively in all the Chinese laundries in the United States, because of its cheapness as starch, and it has been the most formidable obstacle to the starch manufacturing industry in the United States. By the decision of the court that it must pay a duty, that obstacle will be removed.

Union Disrupted.

NEW YORK, Oct. 5.—Disruption has come to the children's jacket makers' union, which only recently emerged victorious from a protracted struggle with the contractors. The strike resulted in an increase of wages and fixing of the day's work at nine hours. Ever since the strike the contractors have been asking that they be allowed to increase the time of work to ten hours a day, as they were losing money under the new arrangement. Under threats that the shops will be closed, eight hundred of the 2,500 members of the union agreed to work the additional hour daily. As a consequence a revolution expelling the weak-kneed members has been adopted by the union. Trouble between the expelled members and the loyal members of the union is feared.

Four Fishermen Drowned.

NEW YORK, Oct. 4.—Four men in the employ of Hennessey Bros., pound fishermen, North Long Branch, N. J., were drowned to-day while about their work about 100 yards off shore. The names of the men were: Joseph Hebb, Adolph Herson, A. Hendrickson, all of Brooklyn, and George Tolpans, of Monmouth Beach, N. J. Three other men who were with those named, were rescued.

No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. It is the best remedy for indigestion, constipation, and all the ailments of the liver. It is sold by all druggists and by the Logan Drug Co's Drug Store.

WILL MARRY AT HOME.

Daughter of An Old Wheeling Man to be United to a Catholic Under a Dispensation Overruling a Synodical Mixed Marriage Ruling—Wedding of Miss Eva Barnes This Month.

The St. Louis Republic, of Saturday, contains the following item, which has a local interest here, not only in Catholic circles, but to many others. The prospective bride in the approaching wedding, on account of which the issue was raised regarding a matrimonial rule established by the diocesan synod of St. Louis, recently, is Miss Eva Barnes, daughter of Ephraim H. Barnes, formerly of Wheeling.

It is said that the rule made at the last diocesan synod relative to mixed marriages will probably soon be abolished altogether. The reason of this is on account of the number of requests that come for dispensations from various people. If the requests are refused a future is raised, and in one instance during the past year an appeal was taken to the Papal Alegate and the archbishop was overruled. Several dispensations have already been granted, practically rendering the ruling a dead letter.

One of the latest of these cases on record is a dispensation that was granted during the past week by Manager Muehlsiepen to Dr. John R. Papin, of 305 North Grand avenue. Dr. Papin has recently won the heart of Miss Eva Barnes, the beautiful and attractive daughter of E. H. Barnes, of 3235 Lindell boulevard. The wedding was set for October 14, and everything went smoothly until the arrangement of the marriage programme came up. Then there was a hitch and one that caused Dr. Papin considerable trouble and annoyance.

As is well known, Dr. Papin is a Catholic, and, of course, he desired to be married in conformance with the rules of the Catholic church. The rule made by the last diocesan synod, held less than a year ago, was that in the event of a mixed marriage, the ceremony should be performed by a Catholic priest and in the presence of a Catholic priest. Miss Barnes objected to this part of the programme. It was her wish and also that of her father to have a parlor wedding.

Dr. Papin was in a quandary. The penalty for a violation of the rule without a dispensation is excommunication, and to be placed under the ban of the church was the very opposite of what he desired. He is a member of St. Xavier's church, on Grand avenue and Lindell boulevard, which is conducted by the Jesuit fathers. He went to see Father Brossege and told him of his dilemma. The latter agreed to do what he could to extract him from his unpleasant position. He accordingly sat down and indited a letter to Mr. Muehlsiepen, the administrator of the diocese during Archbishop Kain's absence in Rome.

Dr. Papin repaired to Father Muehlsiepen's residence on Ann avenue during the past week. He presented Father Brossege's letter and the diocesan administrator granted the desired dispensation. Father Brossege will perform the ceremony and the couple will be united in the parlors of the Barnes home at the number street. Father Brossege's letter and granted it without murmur. "I am glad," said Dr. Papin last night, "it was the desire of the bride and her family that a parlor wedding be celebrated. I am sorry that this was made public. It has caused me considerable annoyance."

Senator Lodge's Cheerful Views.

BOSTON, Oct. 5.—"I look upon the annexation of the Hawaiian Islands as practically accomplished," said Senator Lodge. "The treaty will be taken up at once when Congress assembles in December, and I think there is an easy majority in the senate in favor of its ratification. If it should appear probable that an opposition is developing sufficient to defeat ratification the remedy will be very simple. There is a joint resolution of annexation of the islands on the calendar which does not require a two-thirds majority as is the case in the vote for ratification of a treaty. A simple majority in both houses will accomplish the same result and that majority we have easily. If it appears probable that ratification may fail, we shall simply slip in the resolution and act upon that in place of the treaty. Before Christmas, I certainly expect that Hawaii will be American territory."

Barney's Exact Fortune.

LONDON, Oct. 5.—The late Barney Barnato, the so-called "Kaffir King" and "Diamond King" who committed suicide by throwing himself into the sea from the British steamer Scot on June 14 last, while on the passage from Cape Town to Southampton, left a fortune amounting to £263,565, \$a 6d.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 29 grains, and are very pleasant to taste and contain the natural acids, peptones and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases, and weakness and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co., of Marshall, Mich.

U. S. SUPREME COURT.

Important Cases This Term—One Against West Virginia to be Heard.

WASHINGTON, D. C., Oct. 5.—The October term of the United States supreme court will begin next month. There are now 466 cases on the docket, as against 618 at the beginning of the October term in 1896, of which 383 came over from the last term and eighty-three have been added during the court's vacation.

According to long usage the first duty of the term will be an official call upon the president, if he is in the city, on Monday, and no other public business will be transacted on that day. Tuesday the argument of cases on the regular docket will begin and this course followed until the second Monday of the term, the 15th inst., when the court will take up the hearing of cases advanced on the docket and assigned for that date of which there are nineteen.

The first of the assigned cases is that of the man Bram, charged with the murder of the captain, the captain's wife and the first mate of the Barkentine Herbert Fuller at sea, in July, 1896. Then come the eight-hour law cases from Utah; the case of the Pittsburgh, Cincinnati & Chicago railroad company vs. the state of West Virginia, involving the questions of taxation; the case of the New York Indians vs. the United States, involving rights under treaty, a re-hearing; the Oklahoma case of Thomas et al. vs. Gay et al., involving the right of taxation in an Indian reservation; the case of the United States vs. the joint traffic association and others of less general importance. The first case on the regular docket for argument is that of the city of New Orleans vs. the Texas and Pacific Railroad Company, which will probably be heard Tuesday next, unless it goes over for some cause.

Of the cases coming over from the last term twenty-five have been argued or submitted to the court and any of them may be finally disposed of on any Monday after the first week of the term. Some of these cases are of considerable importance, among them being the Nebraska maximum freight rate beyond which railroads cannot go; their charges; the Southern Pacific Railroad Company vs. the state of California; the disposition of which will determine the title to several hundred thousand acres of land; the Westinghouse air brake case, involving the validity of patents of the Westinghouse company for applying the air brake to long trains; and the case of the Interstate commerce commission vs. the Alabama Midland Railroad Company, involving the long and short haul clause of the interstate commerce law.

Plot Against Salvador's President.

NEW YORK, Oct. 5.—A dispatch to the Herald from Panama, says: The Herald's correspondent in La Libertad, Salvador, sends news of the discovery of a political plot against President Gutierrez and his government. Several prominent politicians are implicated and important arrests have been made. The government is firm and is supported by public opinion, which is greatly increased against the revolutionary promoters. President Gutierrez enjoys the general sympathy of the natives and foreigners alike.

Status of Durrant's Case.

SAN FRANCISCO, Oct. 5.—Theodore Durrant, through his attorneys, has been served with a motion by the appelle, Hale, the warden of San Quentin, to

dismiss the appeal on the habeas corpus writ, which was denied by the circuit court, also to affirm the order of the lower court. This motion will be presented to the United States supreme court on the first Monday in November. Service of the brief, as well as the motion to be placed before the supreme court was acknowledged by Attorney A. L. Hart for appellant Durrant. Attorney General Fitzgerald who represents the state, will endeavor to secure a speedy decision which he anticipates will be followed by the execution of the prisoner.

IT'S IN THE AIR.

Wheeling People Talk About It—There Are Pranks in the Air.

It's in the air.

Can't stop it spreading.

Can't keep down a good thing.

It has become common property.

People who don't know about it want to know.

People who do know want to tell about it.

There's a reason for this.

"This kidney education."

Wheeling people are learning it fast.

Learning it from their neighbors.

It's what we say and what they say.

We say Backache means Kidney ache.

They say Doan's Kidney Pills cure it.

We say Lame or Weak back means Weak Kidneys.

They say Doan's Kidney Pills make the kidneys strong.

This is not a theory but a condition.

Here's proof of it:

Mrs. John Ritchie, of No. 922 Market street, says: "For the past eight years I have been troubled with my kidneys, but I did not pay much attention to them, thinking it would wear off, but it grew so bad that I could scarcely get around. My back was dreadfully weak and sore and I had rheumatic pains all through my shoulders and arms. I became so weak at times that I would nearly sink down. I was also subject to frequent attacks of vertigo when it would seem as if everything around me was moving. There was distress and weakness in the kidney secretion, and I could not better it, although I took lots of medicine; seeing Doan's Kidney Pills advertised extensively, I got a box at the Logan Drug Co. They helped me at once. The one box entirely cured me. I am now strong and well."

Doan's Kidney Pills are for sale by all dealers, price 50 cents per box, 6 boxes for \$2.50. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
